DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group II (claims 13-26) in the reply filed on 5/1/06 is acknowledged. In a subsequent telephone conversation on 6/28/06 claims 13-15 were withdrawn, with approval from applicants representative Mark D. Saralino, as dependant on a non-elected group of claims. Therefore claims 16-26 are currently being considered.

2. This application contains claims directed to the following patentably distinct species:

A. Figure 4a-4d

B. Figure 5a-5b

C. Figure 6a-6b

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 16,17,19, 20 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Art Unit: 2828

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
